Procurement Officer

SUBJECT: Invitation for Bids No. PMB-2016-19, Addendum No. 3
Provision of Refrigerators to State and Federal Low Income Public
Housing Properties Statewide

This Addendum No. 3 is to 1) amend the Hawaii Public Housing Authority's response to written questions issued in Addendum No. 1 and 2) provide clarification to the IFB as follows:

Part I – Amend response to written questions issued in Addendum No. 1:

Question 4: Technical Specifications for Group A – 15 cu. ft., 18 cu. ft. and 21 cu. ft. Refrigerators:

- a. Can I bid on a 14.6 cu. ft. refrigerator for the 15 cu. ft refrigerator?
As it states on page 33 1. General Description paragraph 2 it states "IFB is requesting bid prices for refrigerators of approximate size/capacity categories of 15 cu. ft. Industry standards are that typically a 14.6 cu. ft. refrigerator is rounded up to 15 cu. ft. Likewise a 16.3 cu. ft. refrigerator is rounded up to a 17 cu. ft. refrigerator.

Response: **No.** As specified in paragraph 2 of the Technical Specifications for Group A on page 33 of the IFB, "Actual cubic foot dimensions may be plus two (2) cu. ft. for the 15 cu. ft. model(s) and plus three (3) cu. ft. for the 18 and 21 cu. ft. models more than the normal size specified." **Although it may be industry standard to round up the cubic foot measurements, the 14.6 cu. ft. refrigerator does not meet the actual cubic foot dimensions of the 15 cu. ft. refrigerator as defined in the IFB specifications. The 16.3 cu. ft. refrigerator would meet the 15 cu. ft. refrigerator dimension**

**specifications as it is within the allowance of plus 2 cu. ft.
more than the normal 15 cu. ft. size specification.**

Part II – Clarification to the IFB:

1. Clarify that no change will be made to the warranty requirement as specified on Paragraph 6a. of Page 31 of the IFB. The warranty period for all refrigerators shall be for a minimum of five (5) years from date of acceptance.
2. Clarify that no change will be made to the pocket handle requirement as specified on Paragraphs 4k. of Page 35 and Page 38 of the IFB. Exterior doors shall have pocket handles and shall swing open to the right or left as specified by the HPHA. "Bow handles" are not acceptable.
3. Subparagraph o to Paragraph 4. Applicable Specifications on Page 35 of the IFB as amended in Addendum No. 1 require that "The freezer section of the refrigerator shall be furnished with a minimum of one (1) standard tray or shelf."

The "standard tray or shelf" will serve for the purpose of a rack or separator that divides the freezer into two (2) compartments and provides an elevated section in the freezer section of the refrigerator.

4. Subparagraph o to Paragraph 4. Applicable Specifications on Page 38 of the IFB as amended in Addendum No. 1 require that "The freezer section of the refrigerator shall be furnished with a minimum of one (1) standard tray or shelf."

The "standard tray or shelf" will serve as a rack or separator that divides the freezer into two (2) compartments and provides an elevated section in the freezer section of the refrigerator.

All other terms and conditions of the IFB, as amended, shall remain the same.

Please contact Ms. Tammie Wong, IFB Coordinator, at (808) 832-6090 should you have any questions. Thank you.
